

Famed 4-ring circus features wild animal acts

The touring Carson and Barnes Circus which the Lions Club are bringing to St. Albert next week (Aug. 19th) is the old-fashioned four-ring, European style circus, staged in the big tents. Remember you get a savings of 25% if you purchase advance tickets from any member of the Lions Club. Chairman is Lion Rock Holman (599-7329) and Lion Jamison has some at the Gazette office on Perron St.

The show will arrive on three colorful convoys at daybreak and the always interesting and traditional spectacle of watching a tented city suddenly arise on circus morning is expected to start approximately at 8:00 a.m. at the show grounds. The circus officials commented that in nearly every city where they have visited this year, they have been greeted by hundreds of local citizens on hand for the arrival event. This seems rarer today in view of the fact that several of the other larger circuses exhibit only in arenas and auditoriums and yet the tented circus seems to be more popular than ever before.

They also stated, too, that most of the youngsters on hand for the arrivals and at

the performances are probably seeing their first traditional circus under the "Big Top" with all of its nostalgic excitement of the first time. Many of the oldsters on hand are re-living some golden memories, and Mom and Pop are very anxious that their off spring do not miss out on the thrills of "Circus Day" as they themselves remember them. The usual swift unloading of animals and equipment will take place by circus workmen aided by the circus performing elephants, and out of apparent chaos will come orderly precision as the tented city is erected. The Carson and Barnes circus, currently on its annual tour of the U.S. and Canada, is considered in circus circles to be one of the two major tent circuses in America today. An added attraction, featured TV star "Sky King" will appear in person at each performance.

There are more than 100 circus stars and performers in the 1968 edition of the big show, with several making their first appearances in America, having been brought from European and Asian countries by Carson and Barnes for this year's program.

included will be high aerial thrillers, acrobatic and tumbling champions, tightwire wizards, risley and contortion exponents, trapeze dare-devils, juggling artists, a real wild west exhibition of trick shooting, roping and hazardous riding which is part of the main performance.

Other features include trained animal acts including an African Lion act in the big steel arena, comedy canines and hilarious chimpanzees, troupes of trained ponies and liberty horses and, of course, the ever popular peers of all circus performers, the "Ponderous Performing Pachyderms," as the circus refers to the elephants. The doors to the circus are scheduled to open one hour before each performance. Miss Evon, noted aerialist, will perform a Free High Act above the main show entrance before each performance.

Early arrivals will be treated to ring-side seats — at no extra charge. All seats on first come first served basis.

Immediately after the final performance here, the show is scheduled to make ready for their departure for the next days show stand

Lots of thrills and excitement when Capt. John Richard appears in the steel caged arena with his eight fighting, ferocious jungle cats, and will appear at each performance with Carson and Barnes Big Tent Circus on August 16th, sponsored by the St. Albert Lions Club.

Work nears completion at the Sanctum

There has been a lot of activity at the Sanctum in recent weeks. Piping for the plumbing is in and work is going forward on installing the fixtures. The electricity servicing is nearing completion as well. The teen kids are busy with interior painting chores, presently completing the trim in the main area. In this section they are also putting in wood panelling up to the four-foot level and the upper walls and ceiling have been done in a white plastic finish paint. In the words of the president, Edith Kennedy, the Sanctum is taking on the appearance of a "polished barn".

Elaine Sanwald and John Blackie have been mainly responsible for a different kind of decorating job. A mural wall is planned for the major hallway and one panel

very effectively features a three-dimensional face in modern style. Painted bur-lap panels are also planned for the hallway, making use of the gummy sacks donated to the Sanctum.

The young people are delighted when Mr. Irwin of the St. Albert Kinsmen Club telephones to enquire how the club could help. When they were told about the leaking roof, the Kinsmen got busy and the Sanctum now has a brand new asphalt roof. They were also assisted by local professional painters who appeared one day and volunteered to paint the exterior for them.

When the plumbing and electricity work is finished they will be able to open the Sanctum for use and carry on with interior decorating as they go. Early in the school term they plan to hold

a formal opening afternoon with special invitations going out to the adults who have given them such wonderful backing in the project.

Teen dance

A popular rock and roll group from Edmonton, "The Circus" will be at the Legion Hall in St. Albert (beside the curling rink) on Thursday, August 8th. The dance gets underway at 8:30 and all young people in St. Albert can look forward to a big night. Proceeds from the dance will go to aid the Sanctum coffee house where work is being completed.

Around Town

Mr. and Mrs. Robert Bate of Rae's Beauty Salon had their three boys returned on Sunday from a vacation in the Kelowna area of B.C.'s Okanagan Valley. They report grand weather and a most enjoyable holiday.

Popular and well-known folk singing artists Philomena and Harriet, two St. Albert High students, will provide live entertainment at the Pizza Plenty this Friday evening.

Mr. and Mrs. Ed Lessard returned last week from a two month holiday trip to the United States and Eastern Canada. They visited Mr. Lessard's brothers and sisters in Worcester, Mass., relatives and friends in New York, Quebec city and Montreal and went on to spend three weeks with their daughter in Toronto. Since their return they received the sad news of the death of one of Mr. Lessard's brothers whom they had seen on the trip.

Students and teachers of the Evangelical Lutheran Church vacation Bible School interrupted their closing exercises last Friday morning for the photographer. Part of the Japanese Village and poster panels done in the hand-craft session are seen in the background. Teachers standing are Mrs. Nuts (left) Mrs. Bowen and Mrs. Russell. Gazette Photo.

Bible school enjoys success

The children who participated in the Vacation Bible School at St. Albert Evangelical Lutheran Church, invited their parents for closing exercises Friday morning.

The first week of the school was for children 4 and 5 years and those in grades one to seven attended the second week. The program was under the direction of Mrs. Yont, Sunday School superintendent, and she and Mrs. Olson taught the first week classes.

Mrs. Russell taught the lessons for the second week, while the handicraft classes were directed by Mrs. Bowen and Mrs. Nuts. About 60 children took part over the two weeks including a number from other congregations in St. Albert.

On Friday morning the children staged a short concert featuring action songs and recitations, followed by a tour of their handwork displays. The older children did a mission study on Japan and Africa and built a model of a Japanese village to reinforce their lessons. Using ideas from the study, and their own imagination, they built typical Japanese houses, hospital, shops etc. from household materials such as wall paper samples, cardboard, cord and so on. The project helped them to think how the people actually live from day to day and they showed great enthusiasm, wanting to stay on past closing time to work on it. Both teachers and students report an enjoyable and rewarding summer school.

Barbecued Lamb Steaks

Most men love to barbecue, and a thick lamb steak is just the dish to let father show his expertise over the grill.

He can try his luck with the french fries too. "If you heat the french fries in foil plates on the barbecue," suggests Norma Morris, home economist for the New Zealand Lamb Information Centre, "they will turn brown evenly."

Mother and family can prepare all the trimmings - the sauce, cucumbers and pickles, curly carrot strips, and a favourite dessert.

BARBECUED THICK LAMB STEAKS

- 1/2 leg spring lamb (about 3 pounds)
- 1/2 cup lemon juice
- 1 cup orange juice
- 2 tablespoons sugar
- 2 tablespoons dried mint leaves
- 1/4 cup cooking oil

Have butcher cut lamb into 3 thick steaks; trim fat from lamb.

Combine fruit juices, sugar and mint. Pour over lamb in a large bowl. Refrigerate for several hours.

Remove lamb and add cooking oil to sauce. Grill steaks about 5 inches from glowing coals for 15 to 20 minutes each side - brushing generously with the sauce while grilling.

To serve, carve thin slices from top to bottom of steaks.

Makes 4 to 6 servings.

Federal experts may not be able to stop jet noise near airports, but they may help you avoid it, Basil Jackson writes. The experts are urging local governments to

adopt special residential zoning in airport areas, and the rules would make landlords give written warnings of noise conditions.

All over the Map

A two and one-half million dollar Sodium Sulphate is being built in Provost, by Chemcell Ltd. and Western Minerals. It is the first such plant in Alberta and is expected to be in full operation by mid 1969.

Due to popular demand, Scandinavian Airlines has repeated its tour program for this fall, featuring six Southern European all-inclusive tours plus a package called 'Havens and Hideaways of the Mediterranean' a selection of nine different resorts with a uniform price of \$74.50 Canadian covering eight days and seven nights in choice hotels with two meals per day. The locations include Palma de Majorca, Capri, Ischia, Taormina, Sveti Stefan, Athens, Myconos, Corfu and Rhodes.

Most firms in Toronto allow female officer workers to wear mini skirts and colored and fish-net stockings, according to a survey reported in Office Equipment and Methods. Of 100 companies surveyed, 85% permit the wearing of these new styles.

Town of St. Albert

Appointments - Library Board

Due to a change in the Libraries Act and the resignation of two board members there are three vacancies on the St. Albert Library Board.

Under the provisions of the Libraries Act appointments to the Library Board are made by council.

Written submissions from persons expressing an interest in serving on the Library Board are hereby solicited in order to assist council in filling the vacancies.

Written submissions will be received by the undersigned until 5:00 p.m. Monday, August 19, 1968 and will be considered by council after that date.

J. M. Fleming,
Secretary-Treasurer,
Town of St. Albert.

Recreation News

SWIMMING

From August 12-23 there will be public swimming each morning from 10:30 a.m. till 12 noon, Till Aug. 9 this session is from 11 a.m. till 12 noon.

There will be a Mile Swim next Sunday evening at 9:30 p.m. There is already a full quota of swimmers for this event but registrations are now being taken at the pool for the Mile Swim being held on August 18. Remember - there is no age limit and adults as well as children are invited to participate.

The St. Albert Junior Waterpolo team won by default their game against Queen Elizabeth last Sunday evening. The next Senior game will be on Thursday,

August 8 at 10 p.m., when the local team plays Seona. This will be followed by a game between Jasper Place and Eastglen. (Adult swimming will be restricted on this occasion.)

TENNIS

The bad weather is playing havoc with the tennis tournament schedules and many events have had to be postponed. There are therefore no complete results to report at this moment.

MEN'S SOCCER

In a league game scheduled for last Friday, the St. Albert team won by default against the City Police. The

game against Danla on Aug. 5 was postponed because of rain; a new date has not yet been set.

The next scheduled game the local team will play will be on August 23 against the Blue Angels.

ARTS CENTRE

The "shell" of the new St. Albert Arts Centre in Salsbury Park was erected in record time. This was mainly due to the hard work on the part of approximately

twenty volunteers who are all interested in the extension of cultural activities in their own community - and in seeing that there is adequate accommodation for carrying on these activities, whether they be basketry, pottery, painting, batik, leathercraft or any other craft.

These men are true representatives of the community spirit which exists in St. Albert and their efforts on behalf of the residents are much appreciated

More generic drugs

More retail pharmacists are filling "open" prescriptions with a generic manufacturer's product rather than a brand name, according to the 5th annual survey of prescriptions conducted by Drug Merchandising. ("Open" means that the prescribing doctor in effect gives the pharmacist the choice of selecting drugs either by chemical name or by brand name, the former being more often cheaper.)

Over the years, according to Drug Merchandising, there has been a gradual swing to using more generic products. But the current survey shows for the first time that the trend has actually been reversed, with 49% of the pharmacists surveyed using generics, and only 43% using brand name products. The other 7% will use either, depending upon the drug prescribed.

The survey also shows that the average price of a prescription is now \$3.62, up from \$3.49 reported in last year's survey.

GRANDIN SHOPPERS PARK - ST. ALBERT - PH. 599-6904

the Gazette REFLECTS

Copies of St. Albert's new "noise" by-law will be going out to all residents shortly. The new legislation is in line with what is being done in a number of cities and towns throughout the province, as more and more people are registering their concern about the growing level of noise generated by modern living.

Traffic, industrial and domestic noise is more than an annoyance, although control measures would be justified if only to minimize the nuisance.

Results of research and pilot projects in Europe and the U.S.A., over the past two decades have shown that excessive noise is a contributing factor both to decreased work out-put and to build up of tensions leading to nervous and emotional break-downs.

A different type of research by members of the medical profession has investigated ear damage, using the decibel as a measuring unit. One ear specialist used this method on noise generated by his son's motor bike, and discovered that the degree of loudness was sufficient to cause damage to the inner ear, dulling the hearing capacity. Similar experiments on workmen using pneumatic drills and such machines showed similar damage to hearing capacity. Once the hearing is dulled in this way there is no known way to repair it.

In an area the size and type of St. Albert it is entirely possible to reduce the noise level considerably and thereby make the community a much more pleasant and healthy place in which to live. But legislation alone will not do the job. An effective campaign requires the wholehearted co-operation of all the residents.

If every resident takes interest in the project and it becomes a matter of civic pride with all of us to make our town the quietest in Alberta, then we could do just that. Citizens themselves will come up with ideas to reduce noise. (An example that comes to mind is the suggestion from a resident in Rome, when that city was campaigning for less noise. His idea that the padded covering be placed over the horse shoes of the horses used by the mounted traffic control policemen was adopted - and then the dairies got into the act and muffled the shoes on the horses drawing the milk wagons). In St. Albert noise-reducing vehicle mufflers would be a big help.

If the public gets solidly behind Town Council in waging an anti-noise campaign the results would be well worth the effort.

A Victoria builder has big sales hopes for portable motel cabins. They can be trucked from seaside to mountain top to serve alternate swim and ski seasons. Architect John N. Woodworth of Kelowna has designed an A-frame type chalet easy to assemble which can be transported assembled or packaged on a car or truck. On site, the chalet, which Woodworth calls the Volkswagen of the mountains, is 24 ft. wide, 30 ft. long and 15 ft. from ground to roof peak.

Art Lalonde horseshoe champ

LEGAL - Raoul Bolsvert and Denis Ringuette were in charge of the Horseshoe Tournament at the Fete au Village celebrations and reported the winners were:

First event: first Art Lalonde and Louis Demers, Second - L. Macnaghy and F. Laberge.

Second event: first - Art Lalonde and Jerry Lawrence Second - L. Letourneau and Mr. Ringuette.

Third Event: first - Roger Donnelly and Jerry Lawrence Second - C. Dionne and R. Gagneau.

PAGE 4

Dollars and sense

by William J. Martin,

Dear Sir:

I am a divorced mother who is working to support my family. We receive child support payments from the children's father, but I never know when they are going to arrive. He has always "paid up," but many times the payments have been two and three months late and then only after some prodding through the lawyer. How can I budget properly when I never know whether his payment is going to arrive on time?

M.A.P.

There are two ways to approach this problem (other than more strict persuasion methods which, perhaps, a lawyer or a court would recommend). The first is to plan your budget only on the basis of your assured income - that is, the money you yourself earn. This will require that you live less comfortably than you do with the help of support payments. But it is safer in addition, when the payment arrives, you will be able to buy some of the "extras" that you've wanted, but had to do without. The second way is a little more onerous, but you may live a little better. That is to operate only on a month-to-month budget avoiding long-range financial commitments like the plague. Plan each month on spending only the support payment you have in hand, plus the income from your job. Make up a new plan every month, depending on whether you have received the payment to which you are entitled.

Morinville council meets

At their regular meeting July 24 the Town of Morinville council decided to hold a special meeting to discuss the sidewalk program, to which Stanley Associates, engineers, would be invited on July 15th.

Mr. John E. Taylor was present at the meeting and reviewed with council the Edmonton area emergency measures survival plan, copy of which was provided each councillor. Following the discussion and question period council moved to adopt the plan.

Mr. Albert Craig was interviewed by council on his proposal for a new trailer court. He advised that present facilities are inadequate and relocation would be further west in the M.D. Sturgeon, Water and sewer services and a report from the health inspector would be required.

Council moved to accept the bid of Tremblay's Ltd., on a New Holland mower. Mr. Ray McDonald reported on the public works program and a discussion followed on rental rates for town owned equipment. The following rates, which include operator, were adopted: grader \$10. per hour, minimum charge \$5. Mower \$6.

per hour, minimum charge \$3. Use of equipment must be authorized by the public works supervisor under new town policy.

A request was received from R. Tellier to move the building on Lot 24, Block 3 to Lot 2, Block 1. Council requested a sketch of the proposed exterior remodeling so that they could evaluate and decided in which district this building could be located. They asked also that a performance bond be posted to guarantee completion of the renovations. Building permit was approved for a private dwelling on Lot 13, Block 6.

It was moved that negotiations be commenced between the Town of Morinville and Tremblay's Ltd. for an exchange of land adjacent to the north end of Lot 19, Block 1, for the south extension of the land situated between Champlain and Ethier Street. The Mayor and secretary were authorized to negotiate an agreement.

A letter was read from Stanley Associates regarding the sewage lagoon extension with supporting data for use when applying for the CMHC loan. The meeting adjourned at 12:25 a.m.

The residents at Chateau Sturgeon contribute to the fun of Legal's summer festival in grand style on their gaily decorated float in the Fete au Village parade. Gazette Photo.

Thank you

On behalf of the Fete au Village entertainment committee, I would like to thank all those who so willingly participated in anyway for the various bandshell performances for the two day celebrations, especially the participants from the surrounding districts who added variety to our programs.

Lucienne Montpetit,

Vimy man weds city girl

St. Joachim's Church in Edmonton was the scene of a pretty summer wedding when Miss Paulette Dusseault, daughter of Mrs. Aurore Dusseault and the late Mr. Jos. Dusseault of Edmonton, became the bride of Mr. Henry Regimbaldson of Mr. and Mrs. Antonio Regimbald of Vimy, The Rav George Chevrier officiated at the double ring ceremony August 2. Organist was Mrs. A. Brissette and solos were sung by Mrs. Pederson.

The radiant bride, given in marriage by her brother Mr. Jack Dusseault, wore a floor length gown of lagoda. The beaded caprice lace applique outlined the empire waist line and was enhanced by a cathedral train edged in beaded lace. A cluster of white roses held her shoulder length veil of silk nylon net with scalloped edges. The bride carried a cascade of yellow roses.

Mrs. Denise Zadansky, matron of honor, wore a turquoise gown of lagoda identical in style to the bride's gown. Bridesmaids were Misses Marianne Regimbald and Adele Krauskopf wearing yellow gowns, identical to the matron of honor's. Their bouquets were nosegays of yellow roses and they wore white daisies as headpieces.

Attending the groom were Mr. Leo Seguin and Mr. Marcel St. Arnaud. Ushers were Mr. Maurice Chauvet and Mr. John Dusseault. Flower girl, Miss Carol Mercier, wore a floor length dress matching those of the bridesmaids. Ring bearer was Master Guy Fortier.

To receive her guests, Mrs. Dusseault chose an aqua blue crepe dress and coat ensemble with white accessories and pink roses encase. Mrs. A. Regimbald, mother of the groom, wore a turquoise crepe dress and coat ensemble complimented by white accessories and pink roses.

WEDNESDAY, AUGUST 7, 1968

Legal Locals

Congratulations to the Legal Midget Baseball team on having won the Pembina River baseball championship. The players offer their thanks to the recreation board for all the equipment supplied.

Get well wishes are extended to Mr. Melchior Carriere who is a patient in the Westlock hospital.

Returning from their holidays this week were Mr. and Mrs. Roger Prefontaine and family, Mr. and Mrs. Walter Van de Walle and family, and Mr. and Mrs. Emile Prefontaine.

Miss Nicole Cyr left last week with other Rally Chorale members from Edmonton to attend singing seminars in Paris, France.

Mr. and Mrs. Roch Proulx and family enjoyed a two week holiday travelling to Kelowna, Vancouver and Victoria.

When the Provincial Craft Trailer was in Legal the Legal Ladies Craft Club donated a door prize that was won by Mrs. Ricky Ellison. The lucky ticket was drawn by Cathy Montpetit.

Born on July 16, Richard newborn son of Mr. and Mrs. Norman Cyr was the first infant to be baptised by our new pastor Father J. M. Martineau last week. Proud godparents were Mr. and Mrs. Leonard Bolsvest of Edmonton.

The community would like to welcome Mr. and Mrs. Lucien Paquin and family who have recently moved to Legal from the east. Mr. Paquin is going to be on the Legal High School teaching staff.

Vimy Column

Mr. and Mrs. U. Landry and family are holidaying in Portland, Oregon.

Mr. and Mrs. Allan Montcrieff spent a week at the home of Mr. and Mrs. A. St. Arnaud.

Miss Mariane Regimbald is presently employed at the main branch of the Bank of Nova Scotia.

Mr. and Mrs. Fern Deschamps have moved in their new home.

Misses Paulette and Lorraine Sabourin holidayed in Banff for one week.

Mrs. Anette Morin from Ville Marie, Temiscaminc is visiting at the home of her niece and nephew Mr. and Mrs. Roger Laplante.

Mr. and Mrs. Wilfred Provencal are spending a week

holidaying at Radium and Banff.

The Bilodeau and Gagne families held a family reunion at Garner Lake.

Mr. and Mrs. Kari Hanes from Los Angeles California are spending a week at their brother and sister-in-law's home, Mr. and Mrs. E. Sabourin.

Mr. Leo Provencal accompanied by his sister Miss Jeanne Provencal travelled to Woodstock, Ontario from where they will drive back a new school bus.

Recent visitors included Mr. and Mrs. Henry Vallie, Mr. and Mrs. Alphonse Gagne Mr. and Mrs. Alec Cyr, Mr. and Mrs. Larry Martindale, Mr. and Mrs. Lou Landry, Mr. and Mrs. Bobby Burns and Mr. and Mrs. Roland Landry.

MD council reviews reports and requests

Council of the Municipal District of Sturgeon reviewed a report from the fire committee in some detail at their meeting July 15th. Firemen who are injured while in attendance at rural fires will be compensated on a proposed basis of the difference between their regular salary and the Workmen's Compensation which is 2/3 of salary. Council also authorized the purchase of the following equipment for the four fire units: 4 sets of 18" pipe wrench, insulated pliers, 14" screw driver, claw hammer, 12" crescent wrench, sharp spades (long and short handled), 1/2" tow chains (20' in length) jerry can and spout.

Most town and village fire brigades have practice runs once a week. Representatives at the meeting felt that the M.D. of Sturgeon should pay 1/2 of such costs on a monthly basis, others felt that such was part of the training program in order to become a fireman and provide fire protection services when called upon to do so. It was decided to refer this matter to the fire protection committee for further study and recommendations.

The fire chiefs suggested that a card system indicating the best route from the fire hall to each farm site be introduced. Said cards would have to be filled by each property owner and returned to the municipal office for verification and then forwarded to each respective fire fighting unit. Preparation of such a system was authorized by council.

The villages of Legal and Gibbons asked if the M.D. would pay for installation of fire phones. The council felt and agreed that since the towns of St. Albert and Morinville had paid for their own installations, the vil-

ages of Legal and Gibbons should do likewise.

NEW A.S.R. BUILDING

The minutes of the A.S.R. meeting held July 8, 1968, were reviewed by Mr. Flynn who provided additional information in regard to various items.

The board had reviewed the entire cost of the Agricultural Building, which is approximately \$40,000 and discussed the rental rates that the municipality should charge to the Sturgeon School Division No. 24 for an area of 2,500 square feet

and to the Agricultural Service Board for an area of 1,500 square feet. The board felt that the municipality should be receiving at least 6% interest on the capital expenditures plus the cost of all utilities and insurance. It was decided to instruct the secretary treasurer to prepare and execute a rental agreement with the Sturgeon School Division No. 24 and the Agricultural Service board based on a yearly rental of .80¢ per square foot occupied respectively.

Council authorized the Agricultural Fieldmen to appoint an additional weed inspector on a temporary basis and that said appointee be paid at the rate of \$1.80 per hour plus 12¢

Janice Meakin shows Grand Champion

Janice Meakin of the Alcomdale 4-H Beef Club poses with her fine calf which won the top Grand Champion award at the Edmonton 4-H Calf club show and sale. Janice and the judge hold the handsome trophies emblematic of the club and district championships, while the calf appears proud of the smart red ribbon which marks him as a very special calf.

Janice Meakin of the Alcomdale 4-H Beef Club won the Grand Champion award with her calf at the Edmonton district 4-H beef club show and sale.

This was a great achievement

ment for Janice and a year that she will not soon forget in her 4-H work.

Janice was competing with members of her own club as well as Villeneuve, Namao, Morinville, Bon Accord,

Spruce Grove, Fort Sask, and Ardrossan 4-H clubs. The Reserve Grand Champion was awarded to Janet Rigney of the Bon Accord 4-H Beef Club. The District Showman award went to Ken Danard of the Namao Club.

The Champion for a pen of three calves went to Dean

Lewis of the Bon Accord club, and Linda Schneider of the Morinville Club was awarded Reserve Champion. Winners of the Sturgeon 4-H Beef Clubs Achievement Days were:

Alcomdale Club - Champion - Janice Meakin, Reserve Champion - Linda Whitson, Bon Accord Club: Champion - Janet Rigney, Reserve Champion - Joyce Rigney, Morinville Club: Champion - Rene Leduc, Reserve Champion - Dennis Schneider

Namao Club: Champion - Jack Stott, Reserve Champion - Louise Danard.

Villeneuve Club: Champion - Mary Boris, Reserve Champion - Joan Soetaert. I would like to take this opportunity to congratulate the members of all the 4-H clubs on the outstanding work that they have done on their various projects throughout the past year.

I would also like to thank all the leaders of these clubs for the time and guidance they have given the members in order to make their year a successful one.

Don England, Fieldman.

New agricultural building completed

A new building has been constructed on the municipal property in Morinville. This building will be called the Agriculture Building.

It will be used by the Agricultural Service Board for a shop and storage. A portion of the building will be rented to the Sturgeon School Division.

This will give our Agricultural Service Board much

needed facilities to work out of, so that we may give the ratepayers better service. It will be used for the storage of chemicals and equipment and there will be a heated shop to repair and overhaul machinery, for use during the winter months.

The ratepayers are welcome to tour this building whenever they are in Morinville.

The new Agriculture Building at Morinville will provide good facilities for the Agriculture Service Board as well as added space for the Sturgeon School Division. Rural people are invited to tour the building when they visit Morinville.

Save time for summer

by Shirley Rebus, District Home Economist

The sun is warm and a gentle breeze is blowing, inviting you outdoors. So put down your iron, your dish towel -- and enjoy summer!

PERMANENT PRESS

What a joy! No more ironing -- if you choose a reliable brand and are following instructions. Let's review care of permanent press:

1. Pretreat regular stains and soil with liquid detergent.
2. Pretreat grease or oil stains with liquid detergent, and then with solvent. The detergent prevents a solvent ring from forming. (Stains washed without being pretreated are generally set, and then can't be removed).
3. Wash in warm water.
4. Rinse in cold water to prevent wrinkles from forming.
5. If using a wringer washer squeeze by hand rather than putting through the wringer.
6. Dry on regular heat.
7. Hang garment immediately after it is dry.

Line drying does not make full use of permanent press properties. The heat of the dryer is important because it helps the garment "remember" its shape.

There are two kinds of permanent press:

1. A blend of cotton and a polyester fiber (dacron, terylene, fortrel).
2. Cotton with a resin applied to it.

In my own experience, the blend has proved to be a better buy. The latest articles to appear in permanent press are bed sheets, which give satisfactory results when line dried. Easy care sheets are higher priced, but it is claimed that wear is from 10 to 100% longer than for regular sheets.

DOWN WITH DISHES!

This is not for you if you are fortunate enough to have a dishwasher. But for those of you who don't, let's take a look at this endless chore of doing dishes.

It has been estimated that the average homemaker can expect to spend five or six years of her life washing and drying dishes.

A bit of organization, efficient equipment and good techniques can slice a year or two off this time.

- Scraps, wash, rinse, drain, and store in that order.
- Work from right to left if you are right handed (reverse that if you are left handed).
- A double sink is ideal to allow you to wash and rinse. A single sink may be adapted by a pair of rectangular dishpans.
- A large drainer and drainboard are a must.
- Use wash and rinse water as hot as you can stand it. It does a better washing job, and the dishes dry faster.
- If your water is hard, a water softener in the wash and rinse water may help prevent water spotting as the dishes drain.
- Wash items in the proper order: crystal and glassware, flatware, tableware and pots and pans.
- Rinse and place in drainer.

DO NOT TOWEL DRY

The less you handle dishes, the more sanitary they will be. In addition, you will spend less time at the sink.

- If the rack fills before all the dishes are washed, wipe the range, table or counter tops. By that time, the very hot water will have evaporated from the dishes. You need just put them away and go ahead with washing the rest.

So don't be on the inside watching summer pass you by -- be on the outside enjoying it.

Ratepayers invited to demonstration tour

The Agricultural Service Board of the M.D. of Sturgeon will be holding a tour of their chemical and fertilizer demonstration plots.

The tour will be held on August 9th and will leave the M.D. office, in Morinville at 9 a.m. Lunch will be served at noon at the M.D. office. Fertilizer plots are located on E. Rivard's farm, 4 miles west of Steezy's farm, 7 miles east and 1/4 mile south of Legal and William Unterschultz's farm, 1 and 1/2 miles north and 2 and 1-2 miles west of

St. Albert.

Chemical demonstration plots are located on Roger Henry's farm, 3 and 1/2 miles west of St. Albert on lake road; R. Tappan's farm 1 mile west and 1 and 1/2 miles north of Villeneuve, and W. Kryskow's farm, 4 miles east and 1 and 1/2 miles north of Morinville. Stops will also be made to view the control of toad-flax with Tordon and Phenoxy, and brush control with Tordon 101.

All ratepayers are invited to attend this tour.

Bull sale results

Alberta's annual spring bull sales grossed \$1,935,000, this year compared with 1,960,000 in 1967. J. L. Kerns, livestock specialist with the provincial Animal Industry Division, reports that the 2,600 Hereford bulls brought \$1,470,000 for an average price of \$566. The 720 Angus bulls averaged \$500, a head for a gross return of \$360,000, while the 211 Shorthorns averaged \$304, for a gross return of

\$106,000. Last year's average prices were Herefords \$585, Angus \$525, and Shorthorns \$307.

The total number of bulls sold at this year's 33 consignment sales was 3,500 compared with 3,440 in 1967. Mr. Kerns says the decrease in average prices this spring was due to generally lower agricultural prices and to the feed shortage in central and northern Alberta.

All over the Map

Chalk up another gain (of
sorts) for the Soviet Union,
comments Plant Adminis-
tration and Engineering.
Minimum vacation for Rus-
sian workers has been
lengthened to 15 working
days from 12, But this
doesn't necessarily mean a
full three weeks away from
the job, since Saturday is
still a working day in the
USSR. Although Saturday is
technically labelled a work-
ing day, the Soviet Union
has been converting from
the six-day to a five-day
work week, similar to North
American practice. The two
day weekend is becoming
more common.

The do-it-yourself trend
is alive and well - espe-
cially in winemaking. More
than 33% of all the wine
Canadians drink (equivalent
to \$60 million retail) is
home brewed. You can make
a drinkable bottle of table
wine for 25¢-40¢, The Fi-
nancial Post says. It takes
an outlay of only \$10 for
equipment to get started.
Ingredients for a 5-gal.
batch cost about \$6. They
can be grape and other fruit
concentrates, or unpressed
grapes for persons who use
the more traditional method.

Card of Thanks

It gives me great pleasure to have been crowned your 1968 Mademoiselle Fete au Village.

It has given me an experience I shall treasure for always. I would like to encourage other girls who have the opportunity to present themselves as candidates in the coming years.

I would like to thank all those who supported and helped me obtain this wonderful title of Mile Fete au Village 1968.

Lorraine Brisson.

MD council

Cont'd From Page 5

per mile for all car expenses. The Agricultural Fieldmen was requested to obtain quotations on prices of signs

to be erected on the agricultural building and the public works shop.

COMPLAINTS & REQUESTS

Letter from engineer Collyer, was read to the council in relation to the need of maintenance of east Gibbon road. It presently requires some sections to be regravelled and resealed. This matter was referred to Mr. Bevington's immediate attention in order that proper maintenance be given to the east Gibbons road.

Letter from Mr. Cunningham was read to the council requesting sloping and cleaning of ditches in the vicinity of the Hirsch's residence which would greatly help to avoid a repetition of floodings which occurred earlier. This request was referred to councillor Bevington for his investigation and consideration.

Letter from Mrs. Jones was read at the meeting. The public works committee informed the council that it had instructed the superintendent to carry out the necessary culvert repairs at NE 15-55-24-4.

Mr. Langens letter complaining of the road at Pt. SE 27-57-25-4 was read at the meeting. Mr. Van de Walle, councillor of the area involved, assured the council that he had inspected the road in question and found the road construction very good. He stated that it will be gravelled in the near future.

Mr. Tittelaa's letter was

read to the council in relation to his neighbor dumping old wrecks along his common fence line with the railroad which is right in front of his front windows. The public works committee inspected the area of complaint and found that said dumping of wrecks was on private property and suggested that the person responsible be forwarded a copy of Mr. Tittelaa's letter.

Request was submitted by Mr. Gallant of Sturgeon Sod Farm to bore a 10" hole and case it with pipe under the road crossing at the east boundary of river lot 18 River Road. Permission was granted subject to the condition that he be held responsible for the cost of the pipe removal or recalcification if so requested by the council at a future date.

Mrs. Fraser's letter of July 10, 1968, was presented to the council, on the road culvert at W/NW 6-54-24-4. The complaint was referred to the public works committee for immediate attention.

Request from Mrs. Kammen-Kettner for the operation of a dog kennel on the NW 36-55-25-4 was presented to the council. The operation was approved subject to the conditions that the breeding stock is penned up at all times and exercised on flesh only.

The following power extensions were approved: Farm Electric Services Ltd. - Proposed extensions in the Legal REA.

Calgary Power Ltd. - (1) Power extension to Mr. E. Evans re NW 29-54-23-4. Power Service extension to Mr. E. A. Haggberg re Sturgeon Crest Subd. in SE 24-54-25-4.

(3) Proposed power service in the Sturgeon Exp area in the NW 29-54-23-4. Council approved the removal of fences along the C.N.R. right of way pursuant to the plans presented.

Council approved the purchase of 19 acres from the SW 3-56-25-4 by the town of Morinville for the purpose of sewage lagoon extension.

RAILWAY CROSSINGS

Council will submit an application through the Department of Highways for the installation of automatic protection at the following railway crossings: 1) road 727 E-1/2 mile north of Alcomdale w/section 5-57-26-4; 2) local road 2 and 1/2 miles NE of Oliver SE corner SW 15-54-23-4; 3) 727K 3 miles north of Edmonton SE corner SW 18-54-23-4; 4) E & W road 1/2 mile south and 1/2 mile

west of Oliver NW 32-53-23-4; 5) 727G at Cardiff N/NW 24-55-25-4; 6) 727G 1 and 1/2 miles west of Legal access road NE 22-57-25-4; 7) Highway 37, 1/2 mile south of Daugh S/SE 5-55-23-4; 8) 727D 1 mile northeast of Bon Accord W/SW 20-56-23-4; 9) Local road mile west and 2 miles north of Coronado S/SE 15-57-23-4.

R.C.M.P. SPACE

Mr. Calverley of "K" division of R.C.M.P. Edmonton and Mr. H. Dunn of Dupuis, Dunn and Donahue, architects, attended the meeting in relation to renovation plans to provide office space for R.C.M.P. Detachment. Plans were approved by council.

Secretary treasurer was authorized to invite submissions from the following firms: Harsin Const. Ltd., St. Albert; Ray Polissant Const. Edmonton; Vetsch Bros. Edmonton; C.J. Woods Sales Ltd. Edmonton; Cormode & Dickson Const. Ltd. Edmonton. All submissions are to be delivered to the office of the secretary treasurer by 4:00 p.m. July 25, 1968.

GRAVEL CONTRACTS

Moved that the council approve the following listed gravel contracts:

Apex Gravel Ltd. and M.D. of Sturgeon per D. Bevington from NE 22-56-25-4 going east 5 miles at 400 yards to the mile - delivered on the road at \$3.00 per yard.

Unity Const. and M.D. of Sturgeon per D. Kluth from NE 19-57-25-4 1 1/2 miles south at 300 yards to the mile at \$1.25 per yard plus trucking at M.D. rates.

Martiniuk Bros. Const. and M.D. of Sturgeon per R. Stack: From NE 35-55-25-4 going west 2 miles at \$2.25 per yard delivered on the road plus .05¢ per yard for loading.

Martiniuk Bros. Const. and M.D. of Sturgeon per R. Stack:

From NE 12-55-26-4 west 9 miles at \$1.10 per yard plus .05¢ per yard for loading.

From NE 36-56-27-4 - south 2 miles - 1.10 per yard plus .05¢ per yard for loading.

From NE 32-54-26-4 - south 2 miles and east 2 miles 1.02 per mile plus .05¢ per yard for loading.

From NE 20-54-27-4 west 2 miles .78 per yard plus .05¢ per yard for loading.

From NW 31-53-26-4 - south 2 miles .46 per yard plus .05¢ per yard for loading. All roads to be gravelled at 300 yards to the mile.

The municipality's membership in the Edmonton Area Industrial Development Assoc. was approved and the public relations committee will negotiate with the association the yearly membership fee for the M.D. of Sturgeon No. 30.

WATER RESOURCES

R. Tappau - SE 17-54-25-4: Letter from Mr. M. Chapko was read to the council in relation to profile, plan as well as the water resources division's

cost estimates for the above noted drainage project. For the reason of such large expenditure, the division does not feel that the benefits warrant such. Mr. Flynn forwarded a copy of such a report to Mr. Tappau.

Water resources division is to carry out an inspection of the area in the very near future. At N1/2 33-56-24-4 and NW 21-57-24-4 regarding the drainage problem. Regarding the matter of S. Ozpiko-Lilly Lake and Whiskey Creek drainage: In Twp. 57 & 58, Rge. 2304, a letter from water resources division and copies of letters to Mr. Ozpiko were read to the council.

NEW BUSINESS

Lot 6 Block 2, Villeneuve: Said property was taken over by the M.D. of Sturgeon on March 7, 1968, under the title 138-0-229. It was formerly owned by Mr. Edmond Majesau but caved in April 1965 under Tax Recovery. Mr. Walker informed the council that a Mr. Edward Horne was interested in purchasing this house and lot or rent same on a monthly basis.

The secretary treasurer with assistance of the assessor, have set the appraisal of the property as follows: Cottage - hipp roof, wood siding, full basement, concrete block foundation, full bath room and kitchen sink, water well and septic tank, light and power, lino floor covering, concrete basement floor, concrete block chimney, fair construction - present condition poor, 741 square feet @ \$6.72 - \$4,980 depreciation 50%, Economic obsolescence 20% total depreciation 70%. Cottage - \$4,980 (70% x \$4,980), \$1,500 plus land \$100, total \$1,600.

Proposed plans for the Northwestern Utilities in-

stallation of a gas pipe line in Twp. 54 and 53, Rge. 26 and 27, W4th and Twp. 54 Rge. 1 - W5th were submitted to the council. Council did not approve the plans as submitted for the reason of lack of information and location of line to be only 40 feet from line fence where council feels that it should be at least 100 feet.
